98. Public Session

Mr K Baker said that obesity is a big problem and cost to the government. He asked that the PC consider this and recommend that no parking should be allowed on the pavement to allow people to walk more freely.

He continued and asked how many homes the PC expects to be built on the two sites nominated in the local plan and where do they expect homes to be built if the 40 set out in the plan is not reached. The Clerk confirmed that the total now required was 36 as 4 had already been approved Councillors said that a further 11 had been approved on Lichfield Road leaving 25. These would hopefully be located on Uttoxeter Road and also through infill in the village.

Mr Baker said that he hoped that the PC would take the offer of help from ESBC to develop the Neighbourhood plan.

He continued that speed is still a major issue in the village, particularly at school times. Cllr Walters said that it was not his experience when he walked his daughter to school.

Mr Baker said that with Speed Watch there has to be a warning sign put out so motorists will slow down when they see people doing speed watch. Personally he would like to see a sign flashing a speed to warn drivers.

Cllr Jarman welcomed WPC Josie Shepherd. She confirmed that she had been out with the speed camera. Some people had been found to be just over the speed limit but not enough to prosecute.

Sometimes it is perception rather than fact. Cllr Jarman said that the new kerbs on the main street had helped to stop people driving up the kerb.

Cllr Walters referred to correspondence received from Mr Male regarding parking on pavements. He said that in the letter from Mr Male it stated that 95% of residents are parking sensibly. If we only have a 5% problem then why should we have a blanket ban as it is not appropriate. Cllr Walters said he had made an effort to walk around the village and had not seen a major problem.

WPC Shepherd said that she had spoken to residents on Hall Hill Lane and Old Dolphin Lane and advised them to only put one wheel just on the kerb and not block the pavement.

Cllr Moore said that the issue had been raised at the surgery so it may be a concern to residents.

Cllr Jarman asked if we live with what we have got or go for a blanket ban.

WPC Shepherd said that she appreciated what people were saying but she needs the PC to agree what action needs to be taken. She said that if they see someone blocking the pavement then they will take action but she did not feel that someone putting a wheel on the pavement would be an issue.

Cllr Moore proposed that the PC does not go for a blanket ban on the pavements but request that the PC take a more proactive approach to inform people on what is and isn't appropriate. WPC Shepherd said that if someone is blocking the pavement then it should be reported 'live'.

The PC agreed to include an article in the next newsletter.

99. Declarations of Interests

None

100. Minutes of Previous Meetings

RESOLVED: *that the minutes of meeting held on 24th June 2015 be approved.*

101. Matters of Report

i. Neighbourhood Plan

Corinne O'Hare, Neighbourhood Planning Officer briefed the Parish Council on the process for moving forward with a Neighbourhood Plan. The next step would be to send a "letter of designation". She explained that experience gained is helping to speed up the process and mistakes have been learnt from. The responsible body is usually the PC but can also include residents on the steering group. Cllr Walters asked if it is the PC's decision to have a Neighbourhood Plan or do residents have to be asked. Ms O'Hare confirmed that it is usually the PC's decision. She confirmed that ESBC is making £5,000 available to each PC that wishes to complete a Neighbourhood Plan. She also said that the Neighbourhood Plan can also include things such as a parking policy, green space, character etc, (things that are not covered within the Local Plan). Cllr Moore said that there is certainly the drive to do this. Ms O'Hare said that it is possible to move quickly but there are still required timeframes for each stage and therefore she would say that it could take 18 months to 2 years to complete. When you get to submission stage then the plan can have weight.

Cllr Walters proposed that the Parish Council have a Neighbourhood Plan for Abbots Bromley, this was seconded by Cllr Moore.

Ms O'Hare also updated the PC on the Local Plan. She said that the indication from the inspector is pushing ESBC's plan through and it should be ready for submission by mid September. ESBC is already using the Plan to refuse applications.

ii. **Parish Surgery**

A resident attended the Parish Surgery and asked if it would be possible to find out who owns the plot of land behind the houses opposite the Top Shop as it is looking untidy.

Mrs Grundy raised concerns over parking on pavements and also the continued problem of dog fouling.

102. Planning

Applications

938 - P/2015/00660: Proposed Residential Development, Ashbrook Lane, Abbots Bromley, Staffordshire Outline application to develop land by the erection of up to 80 dwellings, demolition of existing agricultural buildings including details of means of access

940 - P/2015/00811: Proposed Residential Development, Land to West of Lichfield Road, Abbots Bromley, Staffordshire Reserved matters application for the erection of up to 6 dwellings including details of access, appearance, landscaping, layout and scale.

Received: 11/06/15 Replied: 30/06/15

The Parish Council objects to this application as it has been submitted without adhering to the conditions set out in outline planning conditions. Condition 9 specifically states that no development shall take place until details of the siting and design, including improvements to the existing access and the provision of a footway, have been submitted and approved in writing by the Local Planning Authority... There is no evidence of this within the plans submitted and therefore the plans should be resubmitted with these details for the Parish Council to consider again.

941 - P/2015/00823: 1 Church Lane, Abbots Bromley, Staffordshire, WS15 3DD Demolition of existing garage and construction of a replacement garage

Received: 12/06/15 Replied: 30/06/15 No Objections

943 - P/2015/00794: Field adjacent to Mickledale Cottage, Port Lane, Abbots Bromley, Staffs, WS15 3DX Retention of klargester sewage facility

Received: 11/06/15 Replied: 30/06/15 No Objections

944 - P/2015/00868: Kentilee, Ashbrook Lane, Abbots Bromley, Staffordshire, WS15 3DW
Erection of 2 detached dwellings and car port

Received: 23/06/15 Replied: 30/06/15

The Parish Council objections to this application for the following reasons:- - Ashbrook Lane is a very busy road and the increased traffic coming out of this site would cause further hazards. The view down the road is poor and with the building of two additional houses this will further restrict the view. In the past there have only been 1 or 2 cars exiting this property so an increase to 7 is excessive. - The plans show that parking will be supplied for 7 vehicles, however, the space really gives very little room for turning of vehicles and may lead to vehicles reversing on to the road. With very little provision of good bus services most homes in the village have at least 2 cars and in many cases 3 or 4 cars with family homes. If these homes are purchased by families then there may be in excess of 10 cars on the site which will then be forced to park on the road. - The plans show the build of two new homes as well as development of the existing cottage. Two additional homes on this site is considerable over development of the site and the three storey designs are not in-keeping with either the village or Ashbrook Lane itself. - The gardens that have been provided for these properties are too small to provide quality outside space, particularly if these homes are to be purchased by families.
