Category Scoring & Weighting

Of the 12 categories 6 were “weighted”

Site Scoring:

0-5

0 Representing the least suitable

5 the most suitable
Weighted Categories

Extent to which the site improves/protects the character of the village

The extent to which the site would respect the scale and pattern of existing development

The extent to which it would safeguard nature conservation interests

Whether it is possible to provide safe and effective pedestrian links to the village centre/local services

Whether it is possible to provide safe vehicular access/egress

Whether it would give rise to an increased flood risk
Weighted Categories

Any site scoring 0 in a weighted category is automatically considered unsuitable and removed from further consideration.

End of Bagots View
Next steps

Work with both schemes to bring them forward as part of the draft plan
Next steps

Pre-submission Neighbourhood Plan will be prepared for consultation.

Under Regulation 14 of the Neighbourhood Planning (General) Regulations 2012 Neighbourhood Plans are required to undertake a minimum of 6 week consultation inviting representations from local people, neighbouring councils and other statutory consultees.
Community Gain

Both sites offer significant community gain opportunities

**Abbots Bromley School Site**

Secured around 2.5 acres of the site for community gain

Funds from land sale to be ring fenced for investment in the school estate

**Bagots View**

Opportunity to secure the field behind the village hall for community use
